## About Us

Incorporated in 1999, Technoclean Equipments Pvt. Ltd., an ISO 9001: 2008 certified company, is an enterprise founded on pioneering, innovation and customer driven product development. Identifying the growing market of automated floor clean system, the corporation concentrated on developing and marketing Scrubber Dryers, Vacuum Cleaners, High Pressure Jet Washer, Floor Sweepers, Disc Pad Holder, Hand Scrubbers, automated floor scrubber which can scrub and dry the floor simultaneously. Technoclean has made an impact by manufacturing these machines which were earlier imported.

Technoclean Equipments (P) Ltd. is committed to provide 'Total Cleaning Solutions' for every type of customer-industrial/commercial or domestic use. To ensure the total satisfaction of our clients and customers, we ensure that our products conform to the highest standards of quality and finish. An in-house team of experts strictly supervises the entire process of production. The company is also into supply of its range of products. Furthermore, it is also providing Industrial Vacuum Cleaner Repairing Services to its customers. Our customer driven team consisting of most efficient, experienced and dedicated marketing professionals are working passionately to diversify into various other domestic products ideal for modern homes. We march ahead of our competitors on the basis of 100% indigenous designs of products, easy availability of spares, unmatched prices and excellent after sale services. Soon, we will bloom into a multi-product, multi-location and well diversified group. Our machines are very well-received in the market and factories, hotels, hospitals, large complexes, educational institution. The clients are ever increasing in numbers, most notable among them is Rashtrapati Bhawan, over 200 army hospitals, top hotels and big educational institutions.
